

Pancake day activities of food tasting, designing, baking, eating and evaluating pancakes! They also carried out more Pancake races to practice ordinal numbers. We cut our pancakes and strawberries into halves and quarters before eating them all up! We enjoyed playing with teddies from our Mr Wolf story and worked hard on describing the character and setting. The children have been trying super hard with their writing again but any practice at home would help them greatly! They are doing very well with their reading skills and are very proud of themselves. We found squelchy muddy puddles on our walk! Just like the bear Hunt ☺ They worked hard on their mouse and keyboard skills on the computers.

We enjoyed splashing in squelchy muddy puddles this week and decided to make bark and stone rubbings at the park. We thought the textures were bumpy!

World Book Day 2019:

On Thursday this week we celebrated world book day here at Acorns, the children had a wonderful day filled with activities based around different books. In literacy we shared “The very noisy Digger” and did some lovely writing and colouring to do with diggers. We played in the sand with the big construction vehicles and built a tower with the blocks. We also looked at “Stomp, Chomp Big Roars” We created work based on this book and played with the dinosaurs in our tuff tray too. In Maths we read the ‘Kitchen disco’ and made patterns using fruit. We also made fruit kebabs and tasted lots of the fruits found in the story. In the afternoon we went to visit The Harris Library to share books. The children were all so well behaved and loved the experience of being somewhere different to look and share stories. We also went to the book store and used our book tokens to buy a book each. All the children loved showing off their outfits and books they had brought to school. A great day was had by all!!

Next Week... we will be starting our class book ‘The Rainbow Fish’ in Literacy and learning all about Ireland in preparation for St Patricks Day

Reminders- Please can you remember to read with your child and any writing practice would benefit them greatly. They are getting so good now! Have a lovely weekend ☺
