

# Elm Class's Weekly News

W/B 17th September 2018

## This Week...

Thank you to those of you who have sent in the photographs of family members. These are really useful in our communication/news and PSHE work.

We have had another busy week both in and out of the classroom – we've been on a nature walk around the school grounds, collecting lots of natural things. We also enjoyed our Sports Morning, which was great fun! We went for a ride in the minibus to look at the boats on the docks and also went to Sainsbury's to shop for our class snacks and Food Technology items – thank you to those of you who have sent in Class Fund money. As part of our Geography and Science work we went for a drive around to look at our own houses. That was great fun too. We have sent home our News folders this week – I'm sure you will have fun completing them together!

## Next Week...

We will be using our new News Folders to share our weekend news with our friends (don't forget to send them in!)

We will be continuing all our different topic work – making collages with the items we collected on our nature walk, looking at different homes and habitats (not just our own!) and hopefully making biscuits in our Food Technology sessions!

## Reminders

Don't forget to send wellies and waterproofs so we can enjoy more outdoor exploration, please also remember PE kits.

## And Finally...

Class fund of £2 is also due every week for snacks, food technology and our Community Visits. Thank you for money already received.

Also, we would still love photos of family members so that we can talk to the children about them. These are really helpful in communication work. 😊
