

Elm Class's Weekly News

W/B 19th November 2018

This Week... The weather is getting colder but we are keeping warm and busy with all our hard work in and out of the classroom. This week we've been learning about hedgehogs and where they live. We enjoyed searching for our hedgehog – it wasn't a real one - in the leaves (in the warmth of the classroom!) and then we went to explore the forest school to see if we could find a good place for a hedgehog shelter.

We enjoyed creating a snow storm in our Geography session and then we made some lovely 'snow' pictures.

Next Week... We will be joining with our friends in Cedar class to celebrate St Andrew's Day and learning all about Scotland ... and maybe do a Highland Fling!! We will be celebrating on Thursday so if your child would like to wear tartan or something blue and white on that day that would be great. Thanks.

Reminders

Class Fund (£2) is due every week so that we can buy ingredients for our Food Technology...and enjoy some healthy snacks in class. Thank You.

(and don't forget your tartan/blue and white on Thursday)

And Finally...

Well done to everyone for working hard this week. We have had some lovely communication work from everybody. We made some lovely rock buns in Food Technology ... they were scrumptious!
