Elm Class's Weekly News

Acorns PRIMARY SCHOOL

W/B 20th May 2019

This Week... it's the last week before the half term holiday but we've still been very busy in Elm Class! On Monday we enjoyed our sensory story in Science all about the Three Little Pigs. This week we are finding out about wood and wooden things.
We explored lots of wooden things and then we all joined in the 'Tapsticks' song, which was great fun!

We painted some of the twigs we had found in the Outdoor Learning area so that we could make a beautiful mobile.

On Tuesday we headed back to the Outdoor Learning area for more exploration of wooden things. Pharrell did some super balancing and Moina, Alfie and Siddhesh did some good looking.
Arthur and Riley loved the vestibular session.
We practised our switching skills in Food Technology

and our baking skills too!

Next Week: It's half term! We hope you all have a lovely time! When we return we'll be back to work – more exploration and investigation in science, more shopping and cooking and we'll be out and about again, visiting landmarks in Lytham!

Reminders.

Don't forget to send in £2 class fund each week.
We really need it so we can continue our shopping for snacks and ingredients for Food Technology
Thank you.

And finally…

We had a lovely walk around the park on Thursday, visited the Splash statue and then off to Sainsbury's café to show our super social skills!

Have a fab half term holiday!!!
