

Head teacher's Blog

This Week...

The amber weather warning about high winds prevented us from having our outdoor sports day – however Sophie Martindale our sports guru was undeterred and created indoor activities for all. Many parents came to support and cheer on all the pupils and they had a great time undertaking the challenges, - waft the football, score a goal, splat with a bat and bean bag shot putt! The pupils really enjoyed the experience and some got very excited indeed!!!!

I visited **ASH** class to take a look at their hair salon role play area. One of our many initiatives this year is to encourage our pupils to extend their expressive and receptive language. Ash class pupils are taking bookings, offering style choices, making conversation and trying out new words and phrases to use. The class team have already noted some progress and as always the pupils enjoy this learning so much more through play.

I spent some time with Amelia in **Seedlings** – she was playing with the doll's house and small figures from Peppa Pig. She showed a great grasp of daily routines as she put them all to bed then got them all up again to get in the bus to go to school. I really love the opportunity to share in play!

And another thing!

I am a bit frustrated that the parent's benches have still not materialised – we ordered them ages ago! Thanks to all the parents who wait patiently to drop off and collect their children after school. We are working on making this experience a bit better!

Laura and Amelia enjoying sports!
