

Pine Class News

Halloween

This Week...

This week we have enjoyed getting back into school routines and seeing our friends after the half-term holiday.

Wednesday was a fun-filled day of Halloween activities! All the children explored pumpkin slime, created bat artwork, baked Halloween biscuits and we even had a go at carving our very own pumpkin, it was 'spooktacular'! In the afternoon we all participated in a Winnie the Witch sensory story. JJ especially liked the water spray from the black bath tub and Aiden found Winnie sitting on her cat Wilbur highly amusing!

In D.T. we have started to wet our felt work, ready to turn them into something fabulous! Kenzie was an expert at wetting and rolling the felt; super work Kenzie!

In Food Technology the children have started learning how to prepare and cook pizzas! This week the children made delicious wrap pizzas, they all went down a treat!

Next Week...

We will be celebrating and learning about Diwali (the Hindu festival of lights).

Pine class will also continue to practice for the Christmas production; Lights, Camel, Action! The children and staff are all enjoying perfecting the funky dance moves!

Reminders...

Even though we are going into the winter months Pine Class will still be accessing the great outdoors, please remember to send in **waterproofs, spare clothes and wellies** so your child can fully benefit from outdoor learning at Acorns.

And Finally...

A big well done to Ruby and Bethany for being our stars of the week!

Look what we've been up to this week...

What a great week!
