

This Week...

We made cakes for the Macmillan Coffee Afternoon. We had green themed crafts and messy play during the afternoon.

The children enjoyed accessing massage and TAC pac sessions this week, which are helping to develop body awareness and early communication skills.

The children have enjoyed exploring the natural objects and playdough as we start our topic on autumn. We have painted some leaf line drawings in orange and red colours.

We have starting to work on scissors skills with the children and we are seeing some good progress with this. To support your child at home, you could try snipping some strips of paper with child safe scissors using hand on hand techniques.

Next Week...

We will continue to develop our learning around autumn - with crafts, songs and exploration of the outdoors.

We will have a visit from the EYFS Assessor, who will be on her final visit to collect evidence towards the EYFS Quality Mark Award - fingers crossed that we achieve this status.

Reminders

It is the time of year for coughs, colds and other bugs. If your child is ill please keep them off school to prevent the spread of infection. Thankyou ☺

And Finally...

Happy Birthday to Bethany who turned 5 this week!!
We hope you got lots of lovely presents!!
