

Seedlings Weekly News

W/B 24th September 2018

This Week...

We have loved our rainbow focused work this week. Activities including colour matching and sorting; colourful messy play; learning the colour signs; parachute games; dance; baking rainbow biscuits; dance with the coloured streamers; lots of crafts and painting relating to rainbows.

Next Week...

We will be moving into a new topic relating to autumn. In class we will have a campfire role play area and we will be collecting leaves, during our outdoor learning sessions. The children have shown interest in the guitars so we will be having a focused music week on guitars. If anyone plays the guitar or knows anyone who plays and they would be willing to come in to school to play for the children we would greatly appreciate this.

Reminders

In EYs parents/careers are encouraged to contribute towards the children's learning journeys. A way of achieving this is to add any photos from home. If you are able to email any weekend news photos to lhall@acorns.lancs.sch.uk

This would be greatly appreciated thank you

And Finally...

A special welcome to Mack and Cole who started with us this week.

Hope you all have a great weekend!!
